### Falling in Love with Opera

OCTOBER 2019

BRH was delighted to co-host the world premiere of Freshwater Pictures' *Love Opera* at the Brisbane International Film Festival, on October 9th, at QAGOMA.

This special production of director Liselle Mei's first feature-length documentary explored the enchanting world of Opera.

Providing an inside look at the renowned Lisa Gasteen Opera School based in Southbank Brisbane, this warm-hearted documentary followed the journey of several young Australian opera students from first auditions to opening night as they prepared for a performance of Carmen with the Queensland Symphony Orchestra.

Attendees were also treated to a live post-screening discussion with producer Trish Lake and Liselle Mei, hearing more about the film's long creation process and its future release.

Broadley Rees Hogan were proud supporters of the film, contributing to its completion and providing legal services.

Our [Intellectual Property and Media Law team](#), led by [Peter Bolam](#), worked closely with Freshwater Pictures throughout the film's development.

A thoroughly enjoyable film and a very special premiere, BRH looks forward to the documentary's release in early 2020.
